PROFESSIONAL SUMMARY

Full-Stack Web Developer with over 3 years of experience delivering 300+ responsive websites using WordPress, PHP, MySQL, and modern frontend technologies. Skilled in Figma-to-web implementation, theme customization, and version control with Git, ensuring seamless client collaboration and project delivery.

WORK EXPERIENCE

Freedom IT Institution Jan 2026–Aug 2026

Full-Stack Web Developer

- Contributed to over 200 web projects spanning various website categories
- Gathered client requirements, managed revisions, and collaborated with team members to ensure project alignment
- Developed frontend interfaces utilizing HTML5, CSS3, JavaScript, jQuery, Bootstrap, and Tailwind CSS
- Implemented backend functionality and managed database requirements using PHP and MySQL
- Translated Figma designs into responsive web interfaces, ensuring usability and design consistency
- Developed and customized WordPress websites utilizing Elementor, WooCommerce, themes, and plugins
- Maintained and customized existing websites according to feedback and project requirements
- Utilized Git and GitHub to manage version control and facilitate team collaboration
- Facilitated deployment, domain and hosting setup, and provided client support

Sylhet IT Academy Mar 2025–Oct 2025

WordPress Developer

- Delivered over 100 website projects through hands-on development and direct client collaboration
- Customized WordPress websites, layouts, pages, and sections to meet client requirements and design specifications
- Developed responsive websites utilizing WordPress, Elementor, HTML5, CSS3, and Tailwind CSS
- Identified website issues, analyzed requirements, and implemented appropriate solutions
- Communicated with clients to manage requested revisions and maintain effective working relationships
